WEATHER

Tuesday and Wednesday—Overcast, becoming cloudy Wednesday afternoon. High 48°, low 38°. Wind estimated high 30 mph, low 20 mph. Estimated high Wednesday, 46°. Weather bureau—Sask. Wednesday morning—Slight.

High 48°, low 38°. Wind estimated high 30 mph, low 20 mph. Wednesday morning—Slight.

PRICE 5 CENTS

LEWIS, MINERS TO PAY \$1,420,000 SUM IN FINES

De Gasperi Bans Reds From Govt.

Italian Premier Hails Crushing Victory at Polls

By EDWARD MURRAY

ROME, April 20.—(UPI)—

Primo de Gasperi has won his battle over the Communists today as an "absolute majority" and said clearly he would continue to bar Communists and leftwing Socialists from the government.

He was certain he would have a relative majority, but I would never have dreamed we could have had this result," he said.

He said this afternoon after consulting with Interior Minister Mario Scelza, who was present at the latest official election returns.

TWO-TO-ONE MAJORITY

These results gave de Gasperi and-Communist coalition a better than 2-to-1 majority over the Communists in the Senate elections.

Official counts in the Senate elections as of official counting showed:

MAN, 33 HORSES PERISH IN FIRE

BURLIVILLE, R.I., April 20.—(AP)—At least one man and 33 valuable racing horses perished Tuesday night in a fire at the Pascagoula race track.

Officials said the man killed in the fire was a grocer known as "Henry and Sons."

Twenty-four horses were killed by the flames.

Four horses were dead when they had been burned.

One horse was found dead.

Floods and Civic Neglect

The civic administration, in the language of the Decalogue, cannot be held guiltless in the matter of floods that have poured two to three feet of water into the basements of Edmonton homes in the Stony Plain Road district, Jasper Place, Westgrove and in the northeast section of the city between 56 and 70 streets.

It is true that spring has been late with heavy precipitation. But the rapid melting of snow is nothing new or unusual in this city. Snowfalls have been heavier in many winters. And warm weather arrives suddenly almost every spring season.

It cannot be said, then, that civic officials were taken unawares. There has been plenty of warning of what has happened.

The truth is that the city's drainage and sewerage system in many districts, like the street paving system, has either been scandalously neglected or has become downright obsolete.

Mr. King Sets a Record

Tomorrow, April 21, the Right Honourable William Lyon Mackenzie King will have held the office of prime minister for a longer period than the prime minister of any other British country at any time. He will have accomplished a total tenure in office of 20 years, 10 months and 13 days, exceeding by one day the record of Walpole in Britain.

The lustre of this political achievement is not dimmed by the revelations of certain historical sticklers in the East that this really is not a record, even for Canada.

It is pointed out that the late Honorable George H. Murray was premier of Nova Scotia from July 20, 1896, to January 24, 1923—a period that covered just over 26 years and six months.

It is also disclosed that Sir Oliver Mowat was premier of Ontario from October 25, 1872, to July 9, 1896—a period of 23 years and eight months plus.

These results of this orgy of research need not disconcert those who are pre-

pared to hail Mr. King as a monumental figure of political endurance.

For the championship, if that be not too light a word to apply to it, is awarded in this instance to the heads of countries and not to the mere heads of provinces.

Nor do we think these ill-natured disclosures will unduly embarrass Mr. King himself.

For irrespective of the chronological record of Premiers Murray and Mowat, it is an honor that fate has conferred upon few men in history to hold the confidence of the people of a great and important nation for so many long and vital years.

Mr. King has guided his affairs of Canada through the most delicate period of his career. During this tenure of office, this country has developed into complete nationhood. And only the perspective of time will rightfully evaluate his true part in it.

Canadians of all political complexities will congratulate Mr. King on this achievement and wish him well.

The Real Dangers For Farmers

Many farmers seem to believe that the danger to their interest is that there might be another great depression, in which the price of farm products would drop once again to fall to levels which agriculture would be bankrupt.

This is not really much of a danger at the minute, and will not be a danger as long as the United States and Canada, by methods such as the Marshall Plan, continue to provide for shipping to other countries our surplus production of food, until the other countries recover to the point where they can pay for the food.

The real danger to farmers, is that the idea of government fixing prices of food may continue to spread.

Many farmers seem to feel that this is a good idea, because Government will fix food prices so that they may not fall too

low. Experience to date, such as that of the British wheat agreement, and the international wheat agreement is that the government will once again fall to levels which agriculture would be bankrupt.

It is quite evident that the farmers are wrong if they imagine that the farmers of Canada can or will fix the prices of what they buy. That would mean fixing the wages of labor, and no Canadian government will tackle this task.

The result is that, owing considerably to the farmers' own activities, this country is now committed to a system under which the price of what farmers sell will be fixed, to protect the consumers, but the price of what farmers buy will not be fixed.

This suits the rest of the country very well. It may not suit the farmers after they have tried the system a little longer.

By Harold L. Weir

Indoctrination of Youth A Crime Against Nature

The chief inquiry of that Canadian school unearthed by police in the fact that students were anti-communist but in the fact that it existed to indoctrinate children at all.

Indoctrination, of course, can be a useful phase of education.

The theological student has already made a choice. He already possesses faith. He enrolls in a theological college, and his conviction and his faith may be strengthened by knowledge, rationalized by philosophy and codified by dogma.

Indoctrination in a theological college is the illumination of religion, not by reason.

The indoctrination of a child is the shutting off of the floodgates of normal experience of life, and the focusing of a narrow beam of light upon one single distorted aspect of life.

In other words, the indoctrination of children is the process of making them ignorant bigots.

Two Kinds Of Education

As has been pointed out in the editorial columns of these newspaper many times, there are two distinct kinds of education.

There is primary education

which purports to give the child a general background knowledge of life and of those arts and sciences which will enable him to make his way in life.

Under this heading come all the common public schools—grammar, history, geography and elementary studies.

Under the heading of general background knowledge, the child should be taught something of the world around him. He becomes able, or should become able, to make his own choices in the matter of a trade or profession, of political and social action, and of the various beliefs of the various religious views that he may accept as his own.

It turns off all the lamps of learning but one.

It fastens upon the shoulders of the child a heavy yoke of slavery to a single idea.

Abandoning Education

Suppose we should decide in this country to abandon the principle of education in favor of indoctrination, as was done in Hitler's Germany, and in, more recently, in modern Russia.

And suppose the process of indoctrination was not political at all, but merely professional.

Then the theological student, instead of becoming a lawyer and say, "He is going to be a lawyer" or, "He is going to be a teacher," would be told that he must go into the ministry.

From the first, that child achieved an intelligent consciousness of his surroundings, he would be told that he must be a member of the profession chosen for him to the exclusion of everything else.

The predestination doctor would have materia medica instead of Mother Goose. He would have instead of hide-and-seek, bacteriology and anatomy.

The predestination lawyer would have Blackstone and torts instead of the law of God.

Hoth would grow up with an unexcelled knowledge of medicine, but he would lack the knowledge of law, which alone can impose sanctions.

If the subject matter of his indoctrination is based on fallacies and myths, so much the worse, for he would be deprived of even revolting knowledge of reality.

That is the absurdity of child indoctrination.

That is the fundamental reason why the theological student, in Montreal and everywhere else, is a useless, even a vicious, subject.

It is a crime against nature.

That is the absurdity of child indoctrination.

GERMAN COMMUNISTS in Berlin's Soviet Zone celebrate the anniversary of the 1918 revolutions. Marchers carry red flags and banners declaring, "To win freedom the Marshall Plan must be wrecked."

Training Plan To Be Broadened

Mitchell Introduces Legislation To Round Out Govt. Program

By George Ronald

OTTAWA, April 20.—(CP)—The Commons Monday took a step toward broadening the scope of vocational training.

Labor Minister Mitchell introduced legislation which he said rounds out a program aimed at meeting any future full-scale job shortage.

Douglas Asks Strong Canada

TORONTO, April 20.—(CP)—A streamlined constitution to transform Canada from a loose confederation into a strong United Nations, was urged Monday by Saskatchewan's Premier T. C. Douglas.

"The greatest need is to raise their sights and think nationally rather than provincially," he told a meeting of Mr. Douglas' supporters at the Canadian Club. "No nation has ever grown strong which tolerates little out of that nation. Other information gathered from other sources was 'incorrect.'

For instance, the article says that because of the economies have hit the Royal Canadian Navy's air division hard "less than half of 120 pilots are qualified." Actually, said Claxton, there are 130 pilots in the RCN and more have been trained with the proportion of pilots who are qualified.

NOT CARRIER-TRAINED

All those trained as pilots, there are 120 pilots who have been fully trained for carriers—22 per cent, not 50 per cent as reported.

The article says 130 pilots are RCAF trained. For their flying service they may choose the navy. If they fly with the navy, there is no cost to flight pay to them as to the navy's air arm."

Claxton said the fact is there is

more advanced training available to all the major divisions with which the conference was called to deal still remains unanswered."

Jurisdiction of labor legislation was allocated to the provinces when industries were localized and the country was still an agricultural country. Now the province's hold on labor legislation is reduced when compared with the national capital.

The party includes representatives of the Federal and Capital Commissions, the Ottawa Planning Commission, the Ottawa Planning Board, the Province of Quebec, and various surrounding municipalities.

ADVANCED PROPOSALS

At the same time, the national conference on reconstruction had resulted in the most advanced proposals yet submitted to bring a uniform standard of living, "all the major divisions with which the conference was called to deal still remains unanswered."

Later, a bill to stiffen penalties for infections of the animal contagious diseases act was adopted and legislation amending the veterans' rehabilitation act was given second reading and sent to the veterans' committee for detailed study.

PERSONAL ACT

After the first reading, the house turned to a resolution preliminary to amending the unemployment insurance act of 1940.

The amendments would enlarge study.

THE SCOPE OF THE ACT

At the night sitting the resolution was passed and a bill based on it introduced and given first reading.

Later, a bill to stiffen penalties for infections of the animal contagious diseases act was adopted and legislation amending the veterans' rehabilitation act was given second reading and sent to the veterans' committee for detailed study.

TRANSPORTATION is at a standstill in Rome, undergoing a one-hour nationwide strike protesting the slaying of a Sicilian labor boss. Street cars and buses are shown idle near Central Station in sit-down that was generally considered less effective than similar past demonstrations.

Latin-America on Guard Against "Red" Uprisings

By The Canadian Press

Several Latin American countries took new steps Monday to guard against any Communist attempts to stir up revolutions within their borders.

These came in the wake of reports to the United States state department that the Communists were ready to support a revolt in Ecuador now that they were trying to stir up another in Chile.

In Bogota, the Pan-American Conference prepared to adopt a strongly-worded resolution condemning International Communism as a threat to the security of the western hemisphere.

The United States congress heard a speech from President Truman in observance of the 50th anniversary of Cuban independence which said:

"The challenge of our time, like the one man so successfully by those who would test the mettle of men and their institutions of government."

RUSSIA NOT MENTIONED

Truman did not mention Communism or Russia, but there was little doubt as to his meaning when he upheld Cuban-American relations as a model for the world.

Dispatches from Quito said the government of Ecuador was on guard against possible Communist attacks in Guayaquil might attempt an uprising. Armed forces in Guayaquil, the capital, may have been instructed to keep an eye on all Communist activities.

Interest in the Americas. Mario Mantilla said that Ecuador had finally shut down her northern frontier with both ends of undesirable persons who escaped from jails in Bogota during the recent attempted revolt there.

SALTLESS DIETS ELIMINATED

New Discovery Is Hailed As Heart Patients' Boon

By ALTON L. BLAKESLEE
CHICAGO, April 20.—(AP)—A new diet, possibly promises many heart disease patients the boon of eating again food with salt, two scientists reported today.

The powder is swallowed with water, like medicine. It then removes salt from food as it passes through the intestine. Dr. I. J. Greenblatt of Beth-El hospital, Brooklyn, and Dr. John W. Wood of the Feltwell Company, New York, told the American Chemical Society's national meeting.

In tests, the diet, used especially on some persons who otherwise could not eat salted foods. These patients had heart trouble caused by excessive water in body tissues—and swelling of the joints. Salt aggravated their condition. One had been put on diets almost entirely free of salt. The diet is tasteless and boring. Patients can eat as much as they want of the powder before and after each meal have been able to eliminate salt from their diet without restricted diets or medicine, they said. The treatment is being tested.

The plan has been named Permitit Z. Dr. Greenblatt got the idea for the method from the way salt is removed from salt. His principle was used in airplane and ship emergency kits to take salt out of water.

A substance in human blood which may be important in human health was described in another report by Dr. William H. Fishman of the University of Chicago, described as a "surprise."

In test-tube experiments, this chemical half the action of an enzyme called glucuronidase.

BILL ON JURIES BEFORE HOUSE

Ottawa, April 20.—(CP)—Parliament has been asked to bill introduced by Thomas L. Church, Rep. of Ontario-Broadview, providing that no men are tried by juries, a third of the members also shall be women.

Mr. Church is a bachelor. The bill, which was introduced last week, has not yet been debated.

Chemical Boosts Gasoline Output

Increase of 25 Per Cent Is Reported by Chemists

By Alton L. Blakeslee

CHICAGO, April 20.—(AP)—A chemical that boosts the output of gasoline by 25 per cent was reported Monday to the American Chemical Society.

It also yields more fuel from the distillation of crude oil, said R. E. Richardson, F. B. Johnson, and L. V. Robinson, of the Elco Standard Oil Co., Los Angeles, Calif.

The chemical is a new catalyst, which stimulates the cracking or breaking down of oil into gasoline and fuel oil.

INVENTOR FORM

This catalyst is silica-Magnesia, a combination of dried-out milk of magnesia and common white sand. It's used in powder form as a catalyst in the distillation of oil vapors. Afterward it is recovered in virtually unchanged form, and is used repeatedly.

On dismantling, they reported, that the gasoline is not of high quality, but this can be remedied by blending with other fuels.

"Because of the present shortage of crude oil, the advantage of higher gasoline and heavier oil yields from the conversion of a given amount of petroleum has a very great value," said Richardson. "With over-all gasoline and heating oil situation," the team of chemists said.

The process has been tested in model refineries and full-scale demonstration plants, and will be available soon, they added.

Origin gutted four rooms in a lean-to behind the west side of the building. Damage was estimated at \$3,000.

27 Children Among 51 Victims Of Fire

TORONTO, April 20.—(CP)—

Twenty-seven children were among the 51 persons who died in Ontario fires during the first three months of 1948, according to the fire marshal's quarterly bulletin issued Monday.

WEDDING GOWN, VEIL BURNED ON BRIDE

MEAFORD, Ont., April 20.—(CP)—Before the horrified eyes of 75 wedding reception guests, the gown and veil of Mrs. Roy Pether—bride of less than an hour—blazed suddenly yesterday when they touched a lit cigarette.

The bridegroom wrapped the bride in his arms and smothered the flames with his hands.

The wedding gown was ruined and the bride suffered singed hair and severe shock. However, Mrs. Pether returned to the wedding reception after changing to a new dress.

PRINCESS ELIZABETH INVITED TO VISIT U.S.

LONDON, April 20.—(AP)—Melville Clark, gray-haired American harp-maker, hustled into Buckingham Palace with a gift music box for Princess Elizabeth Monday and was rewarded with a rare personal interview.

He promptly invited the princess to visit the United States "where the people simply love you."

And the princess, he said, smilingly replied: "I do hope to come over some time."

The interview was arranged with the secretary to Princess Elizabeth.

Before leaving, however, he set up the 85-pound, 60-year-old box and began to demonstrate how it works by playing "God Save the King," one of 36 records which go with the gift. The princess, attracted by the music, came downstairs.

ESTABLISHED 1895 CONTINENTAL

It's a Good Policy ...

Yes, it's a good policy to plan a college education for your child, and it's good business to make sure the child gets the best education possible. For only cents a day, the Continental Life Educational Policy will guarantee the fulfillment of your plan. No matter what happens to you, accident, fire or war, be assured your child will be educated in a business life. You'll watch your son or daughter go off to college with no thought whatever of financial worry.

Ask your Continental Life representative to explain how a Continental Life Educational Policy on your life can double your child's potential earning power.

How jet propulsion creates employment for Canadians

The principle of the gas turbine has long been known but

most recent application to the jet engine is one of the sensational developments of our time. One of the main problems in these engines is to get maximum power under the intense heat and stresses involved.

Development work on the gas turbine is now world-wide. Much progress in design and development has already been carried out in Canada.

To withstand the terrific stresses at high temperatures, the important parts of turbines, blowers and combustion chambers in the gas turbine are made of Inconel, Stainless Steel and other alloys. Without such heat-resisting metals, these new type engines would not be possible.

The International Nickel Company is co-operating to the fullest extent with the technicians who are developing these

new engines, and placing all their technical knowledge regarding Nickel alloys at their disposal.

When these new engines are brought into volume production thousands of Canadians will be employed in making this entirely new source of motive power available to the world. This and numerous other present-day developments will provide new markets for Canadian Nickel, and so provide jobs for the many men employed in the Canadian Nickel industry. Thus does research develop better products, create more employment.

Canadian Nickel ..

INCO

JUANITA BELL, 19-year-old girl from Cincinnati, was saved from drowning by two rookies from the Brooklyn Dodgers at Vero Beach, Fla. Here, Juanita kisses George E. Buffay, left, from York, Pa., while fellow-rescuer Bob Dushaney, of Quebec, waits his turn. All three were treated for exposure after the rescue.

WISHFUL NEUTRALITY IS SEEN IN EUROPE

NEW YORK, April 20.—(CP)—Lord Rothermere on Monday that "a cloud of wishful neutrality" is forming in Europe and can grow to such proportions as to endanger the safety of the United States.

The British newspaper publishers' association, meeting in London for its luncheon of the Associated Press, urged more newspaper for Europe to be reported fully.

A lack of newspaper endangered freedom, the leaders of the London Daily Mail, Sunday News and Sunday Dispatch said.

"The news must be reported."

"A serious movement for Western

Europeanism is under way," he said.

Ignorance, as you know better than anybody, breeds isolationism. Isolationism breeds neutrality. Look around and you will see that neutrality breeds in territories like Queens-

land, where feed will be grown on the same land, and grassland, to make their full contribution to the British market.

During the first six months of 1947, Britain hopes to send the United

Kingdom 20 per cent of its food imports, worth \$150 million.

A FRIENDLY smile seems out of place in Palestine. But no animosity shows on the face of this Jewish girl in Jerusalem, chatting with the British soldier. The tear gas riot gun he is cleaning was used the previous night to rout Jewish Haganah members from Jerusalem's No-Man's-Land.

RED RABBLE ROUSERS DRAW MAYER'S IRE

NANAIMO, B.C., April 20.—(CP)—Mayor George Muir said Monday night he would arrange a public rally open for identification among the "rabble rousers" who attended the meeting of Democracy in Nanaimo.

He told a city council meeting he was deeply concerned by a display of "red rabble-rousing tactics" used last Sunday night to break up a Canadian Croissant peasant meeting.

The meeting was called to hear a Dr. Gordon Zorin speak on the politics of the cold war. The Rabid and organized heckling disrupted the meeting.

The mayor said the discovery that "communist rabble-rousers are so strongly organized here was a disgusting and revolting revelation."

He urged the council to press for the building up of reserve army strength.

"The danger is not in Europe," he said. "I now am firmly convinced that the way trouble started over in Europe is exactly the way it can be started here."

Brazilian Police Round Up Reds

RIO DE JANEIRO, April 20.—(AP)—Brazilian police announced Monday 300 Communists have been jailed as a result of the explosion in an armoured car in Rio which killed 23 persons. Police raided Communist cells, seized leaders and confiscated documents. The Communist party is outlawed in Brazil.

British General To Visit Canada

OTTAWA, April 20.—(CP)—Army headquarters announced on Monday that Lt.-Gen. Sir G. Ivor Thomas, general officer commanding in chief of the United Kingdom anti-aircraft command, will visit Canada this month.

Prog.-Cons. Look For Early Vote

National Director Tells Party Convention To Be Ready

By D'Arcy O'Donnell

OTTAWA, April 20.—(CP)—Top officials of the Progressive Conservative party indicated yesterday that they expected a federal general election this fall.

Bald Heads His Concern

NORTH FREDERICK, April 20.—(CP)—Seventy-one-year-old Herbert Wood, a well-known local businessman, has baldness.

So when he died, Wood directed that "any men attending my funeral should not shave their heads, but shave one side, and then not for more than a few seconds."

Wood's elderly husband knew that many bald-headed men caught cold and chills, so he decided to shave his head in the open.

Edmonton Pilot On New Jet Craft

WINNIPEG, April 20.—(CP)—Second jet-powered aircraft to be delivered in Western Canada arrived here Monday for use by the City of Winnipeg 402 auxiliary fighter squadron, RCAF, after flying 1,000 miles in less than four hours.

A De Havilland Vampire Mark 3 was delivered by Sqn.-Ldr. John Johnson of Winnipeg.

Only other jet propulsion planes in the west is a Vampire. Mark 3 which has been undergoing weather tests at Edmonton.

RECLUSE'S HOME FORTUNE

TORONTO, April 20.—(CP)—At least \$200,000 in cash, bonds, mortgages and deeds was found Monday in a seven-room house in Etobicoke, Ont., owned by 85-year-old recluse.

Donald attributed death to natural causes, but a neighbor, a retired engineer, said he had Meltalco to shoot himself away from the world.

Mr. Donald was called to hear a Dr. Gordon Zorin speak on the politics of the cold war.

Other officers elected included: Vice-president, Capt. W. Rankin, secretary, Mr. W. Bowes, Cagary.

Advisory committee: Commodore E. R. Brock, Winnipeg.

Final Rites Today For Calgary Pioneer

CALGARY, April 20.—(CP)—

Funeral services will be held today for Albert Frederick Wadlow, 36, a former king of the world.

Albert's widow, Mrs. Gordon W. Macmillan of Lethbridge, Alta., said:

Tax Assessment

WINNIPEG, April 20.—(CP)—McLennan of Montreal, tax commissioner for the Canadian National Railways, Monday promised to the law amendment committee of the Manitoba legislature against an assessment of \$2,000 a mile on railroads right-of-way in the municipalities.

Vice-president also expressed his gratitude to members of the government and others who had given him a stay so agreeable, Mr. King said.

Calgary

CALGARY, April 20.—(CP)—

Funeral services will be held today for Albert Frederick Wadlow, 36,

a former king of the world.

Albert's widow, Mrs. Gordon W. Macmillan of Lethbridge, Alta., said:

Port Bruins Square West Junior Series

Drop Sons 6-4 in 6th Game; Teams Move to Leaf Gardens

POR T ARTHUR, April 20.—(CP)—Port Arthur Bruins squared the western Canada junior hockey final Monday night by rolling to a 6-4 victory in the sixth game of their best-of-seven series with Lethbridge Native Sons. First game will be played in Peterborough.

Bruins swarmed all over Sons in the opening period only to have the Albertans come back with a flurry of goals in the final session to tie the score at 4-4. The home towners scored two more goals in the last couple of minutes for the triumph that squared the series at three games apiece.

With the Triumph Bruins were considered to be the favorite in the final game, with the Sons to take on Barrie Flyers for the Memorial Cup. The Lakehead boys are set to meet the Johnny Bulla's with a second win.

Soccer Clubs Plan Workout

Navy and Air Force veterans will hold an important soccer drill at 8 p.m. in HMCS MCNICHOLS hall. All players are invited to attend. Guests are requested to make an appearance.

The ANA Vets senior men's fast-paced soccer team will conduct the drill hall at 8 p.m. All players and those who hope to gain a berth on the team are asked to attend.

LaCLAIR GETS TWO

Goals by Barton Bradley and Rudy Migny in the last two minutes gave Bruins victory over Davis, 4-3, with two Danny Lewicki and Pete Durhance taking the other Port Arthur counters. Jack LaClair had two late bridge, while, Roy Richardson and George Murphy also scored.

In the club will issue Port Arthur Tuesday for Toronto and the final game of the series.

Because of Dorchov's absence, Coach Eddie McNeil, Bill Hamden to centre and had him flanked by Fred Brown and Richardson.

Line-ups:

Port Arthur—Chabot, Weit, Olsen, McNeil, Murphy, Richardson, Murphy, Creighton, Bacari, Durand, Forsland.

Lethbridge—Rodnyak, Evans, Milford, Hamden, Brown, Richardson, Sather, McNeil, McLean, Lavelle, Wood, McLean, Maglio, Reference, Winkler, Braden, Vial, Lingwood, Winkler.

Summary:

Goals: Port Arthur, Creighton (Milford), 2-2B; Port Arthur, Durand (Forsland), 3-0B; Lethbridge (Hamden), Brown, 7-6.

Port Arthur, Creighton (Bradley), 18-2; Penalties—Maness, Durham, 1; McNeil, 1; McLean, 1; McNeil, 1.

Penalties: Port Arthur, Penalties—Fero, Wood (3), Duran, Milford, 1; McNeil, 1; McLean, 1.

Port Arthur, Lethbridge, Murphy (Lavelle) 1-2B; Lethbridge, LaClair (Milford), 1-2B; Port Arthur, Bradley (Milford), 1-2B; Port Arthur, 18-36. Penalties—None.

Vic Cagers Meet Taber In Playoff

Type of basketball stars of today in Port Arthur, six-foot-tall Vicous, certainly will pivot his team against Taber in a best-of-three series for Alberta High School basketball championship night at Garneau auditorium.

Second set will be run off at Garneau Friday night. If the teams switch to Westmen for the final game Saturday evening.

Local basketball star Krueger, six-foot-four who guards the basket, are expected to pack a lot of punch for the Taber quintet.

Others on Vicous team are Johnny Polonuk, captain, Tony Makowski, Alf Yekete, Peter Melnyk, Chuck Kowalewski, Ron Reed, Jack Morrison and Ed Saddy.

Foothill Meeting

A meeting of the Ladies' Intermediate Fastball League will be held in the USA Hall at 8 p.m. Thursday. All clubs interested in entering a team are invited to attend.

Who'll Fill Martell's Golf Shoes?

Lawson Little Knows His Trap Shots!

By BERT GREEN
Will be the next city amateur golf champion?

This appears to be a logical question, in view of the fact that Henry Martell, who has "bogged" that coveted title for more than a decade, has finally risen the ranks of the sion-purists.

From now on Henry will be playing for cold, hard cash and every shot he makes will have a dollar sign or instead of a shiny mug, egg-beater.

When Henry tried his luck in the United States in 1948, the played in the city of Milwaukee. He struck his way to the city, however, when Henry returned the following year he was a mere old story. It was an easy path the first half last year, especially when Budd, his son, was around to go, but Budd had the stuff that makes champions and came through with a bang.

Now the field is wide open with Henry on the sidelines and there doesn't seem any particular standout to fill his shoes.

Vern Moha appears to be the chief threat, but there are numerous others who have been lurking over the reigns. There's Johnny Letke, finalist last year, who goes

Watt Expected To See Action In Cup Finals

Members of the Flyers and team supporters will wait with interest the outcome of Tuesday's Hamilton-Alcan Cup clash in the eastern Allan Cup final.

A win tonight for the Hamilton squad and both Cup finalists will be a major plus for the Flyers, having already qualified for the west.

In the event that Hamilton comes through, the final is scheduled to be played at the arena Saturday night. However, if Ottawa forces a fifth and deciding class there is a chance that the winds will be favorable enough before Monday, April 26.

Flyers worked on Monday by working out against and getting into the team's gas line. Gordon Watt, 26, has been out with a sprained ankle and his right knee, a sprained ankle, was on hand. His injury is responding well to treatment and he expects to be fit for his defense role when the Allan Cup final gets underway.

In the event that the series opens Saturday, Flyers may leave for Regina, Wednesday night.

Strictly Personal

By JIM ALERO

Jim Parker, Edmonton boxer, who put up a second-round TKO over Alberta champ Johnny Pharaoh at Lethbridge Friday night, has added to the team's questing laurels at the end of the season.

At the time of the fight, Parker

had won 10 bouts and lost

one. He is the first Canadian boxer to win the national title at 78-78.

Original plans called for Parker to make the trip, but the committee changed their minds after a 10-day training period.

Parker performed. The Edmonton heavy floored Pharaoh three times before the referee stopped the bridge bout was saved by the bell. He failed to come out for the final round.

Parker, a member of the South Side Legion Boxing Club, is in his first year in the fight game.

Official Alberta team will be composed of eight fighters, including "Red" McNeil, coach of the Alberta branch of the Amateur Union of Canada, advised Monday.

The ringers with eyes to berths on Canada's Olympic team, 12 pounds: Jerry Dell, Edmonton, 118 pounds; Harvey Hough, 132 pounds; Francis Wright, Lethbridge, 138; Laurie MacLean, Edmonton, 142; Jim Parker, Edmonton, 160; Charlie French, Edmonton, 172; and Jim Parker, 182.

Only one coach, far from unusual, was available—boy's Hughie Sloan, noted Cardston mentor. He drilled the early, but nonmonday handler may be named at the end of the week when the amateur boxing committee was drawn up for approval at the next meeting to be held in the near future.

Tentative schedule was to be held at Clarke Stadium and the H. D. Riddell Auditorium.

Gordon Riddell, Edmonton writer, missed the Lethbridge bout, who substituted for Riddell, made short work of Rod Ridgeon of Calgary.

Hughie Sloan, 16, of Edmonton, took the full count in less than two minutes of the initial round.

Edmonton fighters will have nine weeks of extra boasting this year. Following in the footsteps of Vancouver, Winnipeg and other cities, Edmonton has adopted a handicap mixed spring league.

Being tried for the first time, the league is open to all.

Edmonton fighters will have nine weeks of extra boasting this year. Following in the footsteps of Vancouver, Winnipeg and other cities, Edmonton has adopted a handicap mixed spring league.

Being tried for the first time,

the league is open to all.

Carey and McNeil matched strides as soon as the 145-lb field was set seven away and still running in the early days of the season.

Then they pulled up short with the most threatening of the many stiff grades of the course.

When Cote noticed Vogel was in slight distress, he sprouted into a full-blown race.

He did that challenge with a mighty burst of speed and was back on the course within a mile and a half later.

They still had four miles to go at that point, the answer was clear.

That was enough to get the

other fighters to start moving.

Moyer ON SPORT

By STAN MOYER, Editor

Unless something is done to curtail the rough tactics which have crept into hockey in the past while few of the players of the future will be able to carry on much beyond their 26th or 27th birthdays.

This is the opinion of LeRoy Goldsworthy, coach of Buffalo Bisons, who arrived home Monday.

More particularly he had in mind the mayhem as practiced in the National Hockey Loop. Specifically he singled out Toronto Maple Leafs, top dogs of the NHL.

"Maple Leaf management makes a point of getting rid of strong kids who, for the most part, seem to 'haft' the Bishop's mallet unloaded. "After that it's just a case of pouring fresh troops into the game as frequently as possible, the understanding being that getting possession of the puck, no matter what the method, is the important thing."

Naturally the play runs to rough house, old style barroom brawling.

The fans flock to the games. The magnates reap a harvest at the box office. Only the player takes a beating.

He's the booby in the deal.

Goldsworthy saw the Buffalo squad as far as the American Hockey League. There the Bisons ran into the red hot Cleven-

Nobdy was for beating the Barons over the past three months of the season. Bob Carse, Bob Solinger and mates bopped Gerry Proval and the rest of the Buffalo cast for a four straight series triumph.

Goldsworthy has no regrets over dropping this one.

"Cleveland has the greatest team in the history of the American League," he shrugged it off. "They would look right at home in the NHL."

About the much publicized brawl involving WHF Field and three or four more of the Bisons against a counterpart in a bar "Goldy" had this to say: "Accounts were much exaggerated."

He said: "The fight did not come off scintillant."

Field and the others were in good spirits following our hearing of New Haven in the semifinals. They were kidding away at the time the off-duty countermanded his successor not to serve the boy.

"At some time he called them a nasty name, Field went after him no one else. That's about all there was to it."

The case was closed and the assault charge against Field and a disturbing-the-peace rap against the others.

According to Goldsworthy there's little chance of the rink in Cleveland being used again in the fall representing that city to operate in the American League next season.

The same problem that has existed for a number of years—shortage of building materials—will have to hang up the effort in Cleveland.

But it's just a matter of time before Frank Seike and his associates will own the city of schnaps and pretzels.

Goldy will now sit tight at the south end of the loop for the next few weeks. Along about June 1st he'll head off to Jasper and his summering spot as professional at Jasper Park golf course.

Ahead lies a lot of work . . . and a lot of fun as the running mate of one Bill Brinkworth. They wind up each season at Jasper with the famed Totem Pole tournament.

For the past two years "Bing" Crosby has beaten a path to the mountain resort to wind up winner of the 1947 version of the Totem Pole.

Will Crosby be back for another crack at the tournament? No one even dares to hazard a guess. Goldsworthy has a clue, but they're keeping it.

Semi-Pro Proposals Face CAHA Meeting

REGINA, April 20.—(CP)—Two proposals calling for the establishment of semi-professional contract systems in Canadian hockey face a seven-man committee of the Canadian Amateur Hockey Association.

The committee meets in Toronto Thursday prior to the April 22 annual general meeting of the CAHA, governing body of Canada's national game.

President Al Pickard said the committee, consisting of Clarence Campbell, president of the National Hockey League, presents his proposal that the CAHA administration would make it impossible for hockey to continue to operate on the "Panter plan," a contract system under which some 100 semi-pro teams in Canada would be forced to fold if the leagues open to heavy financial losses that could wipe out the narrow margin on which some teams operate.

Others maintain the plan would make it impossible for small-town clubs to meet the salaries needed before top-ranking players would sign the contracts and that the plan would be unable to compete for players. They say sufficient protection to clubs is given under the card system and that the plan would be bad for Oshawa Generals this year after R.C. Ceresole, ordered back to Oshawa this year after he left Oshawa for Peter Arthur.

In presenting his plan to the CAHA, Pickard said delegates had agreed that senior hockey "A" hockey was "frankly professional." He said use of contacts and money of the clubs would permit operation of leagues under a more business-like basis and stop the ruthless competition for players.

Campbell suggested that senior leagues have a complete control of their affairs, including salaries and that professional leagues make their deals with teams rather than with the card system now used.

He said the plan would be flatly rejected by the Quebec Senior League and there are rumors in the league that the Quebec League also will say no. Some teams in the western loop already are in agreement with the plan, they can't be bought and sold.

Delegates to the semi-annual meeting voted unanimously with Panter, but there are indications

Big Moments in Sport 25 Years Ago

From The Bulletin Sports Files

First steps toward the formation of a city senior baseball league were taken at a meeting held in the YMCA. Red Sox and Canadian Nationals have already made application in the league, which is expected to comprise four teams. Joe Driscoll is in charge of the entire.

Jimmie Graham of the South Side, was suspended six weeks and Sprule of Radnac two months, following a football incide in the opening game of the league.

DISTRICT NEWS IN BRIEF

Wool Shipments Show Falling Off

Central Alberta Association Attributes Drop to Coyotes

LACOMBE, April 20.—A drop in wool shipments of approximately 11,000 pounds was noted at the annual meeting of the Central Alberta Wool Growers' Association held in Lacombe this week. Wool shipments through the association totalled 75,000 pounds in 1946 as against 84,000 pounds in 1947.

Chief cause of the drop in wool open market last year was 27 cents per pound. A. M. McNeil, secretary-treasurer of the wool growers' association told the meeting. This figure was the result of the heavy losses to coyotes throughout central Alberta. Because of the heavy losses, wool growers went on record with a strong recommendation to the government to place a year-round bounty on coyotes.

The bounty has since become effective with payments of \$1.00 per animal in summer, May 1 to October 1, and \$3.00 per animal in the other months.

The price of wool sold on the 1947.

OFFICERS RE-ELECTED

The retiring slate of officers was re-elected: A. D. Bowden, Red Deer; James Darroch of Lacombe and Harry Rice of Condor. One new director, John Chapman, of Red Deer, was added to the directorate. Other directors whose term of office did not expire were: W. N. Flewelling, W. J. Gault and John Jeffress of Lacombe; J. S. G. Hetherington and F. Pilhaber of Wetaskiwin.

At the direction meeting which followed the annual gathering, W. N. Flewelling was re-elected as president and James Darroch, vice-president. Mr. Darroch, former secretary, stated he was unable to remain in that position due to his ill health. In the absence of the president, the pressure of other business, Steve Chapman, a member, was appointed to fill this vacancy.

Averas for the Olds team for 1948 follow:

Out of possible 300—Jack Courtney, 282 (94); Keith Cooley, 216 (92); Bob Cooley, 273 (91); Ken Campbell and last year finished second in Alberta in All-Canada competition.

Out of possible 200—Eddie Wong, 182 (92.5); Glen Bentz, 183 (92.5); Don Walker, 189 (90); Murray May, 177 (86).

Out of possible 100—Alan Buehler 86 (86).

Out of possible 100—John Chapman in the junior cat feeding competition.

"About loving our enemies—do you mean cabbage worms and bean beetles, too?"

Olds Air Cadet Team Turns In Good Score

OLDS, April 20.—Olds Squadron No. 185, Air Cadets team has just completed the Dominion cadet competition with another good score. F. F. Parkinson, of Olds

and the Alberta Agri-Academy staff, has been instructor.

This is the third year of the competition.

Air Cadets have entered and their

average was as follows: 1946—81.8; 1947—85.6; 1948—97.2. In 1946 Olds placed fifth in Alberta and 10th in Canada. Last year finished second in Alberta and eighth in Canada. In All-Canada competition in 1948 have not yet been announced.

Averas for the Olds team for 1948 follow:

Out of possible 300—Jack Courtney, 282 (94); Keith Cooley, 216 (92); Bob Cooley, 273 (91); Ken

Campbell and last year finished second in Alberta in All-Canada competition.

Out of possible 200—Eddie Wong, 182 (92.5); Glen Bentz, 183 (92.5); Don Walker, 189 (90); Murray May, 177 (86).

Out of possible 100—John Chapman in the junior cat feeding competition.

"STRAW GANGS" BUSY AT BELLEVILLE

BELLEVILLE, April 20.—The "straw gangs" are at work in this district, cutting eight acres of straw and 41 acres to haul straw to their farms. Many farmers have run short of straw and are anxious to get straw for their cattle. Hauling is rather difficult because the roads that are slushy, slippery, gravey showings in places.

Westlock Expects Same Mill Rate

WESTLOCK, April 20.—A session of town councillors held a brief meeting in the town offices Tuesday night to pass accounts and handle other business of a routine nature.

While no definite levy can be set until after the court of revision is concluded, it was intimated that the tax rate for the town this year would be the same as last year. Last year's tax was 22 mills for the town and 28 for the school, for a total of 50 mills.

Application was heard from L. R. Hillebus for a grant to the town for the construction of a farm development of that unit. Council promised consideration within the limit of the budget.

Mrs. I. Dolinsky

Officers Represent Andrew

ANDREW, April 20.—Miss Iris Dolinsky will represent Andrew at the Alberta Agricultural fair to be held in Edmonton on May 8. Her solo was first place in the Andrew elimination.

Reserve Champion

DAYSAND, April 20.—C. F. Campbell and Harry Spiller both took stock awards at the Alberta Spring Show. Mr. Campbell won reserve championship with "Westway" and Jeanne placed second with her Aberdeen Angus calf in the junior cat feeding competition.

Veteran Benefits Urged in Commons

OTTAWA, April 20.—(CP)—A suggestion was made in Commons Monday that all veterans who re-enlisted for permanent service be entitled to gratuity and rehabilitation benefits.

Mr. George G. R. Price, VC (PC) introduced this bill as his house gave second reading to an act amending the Veteran's Act. It was referred to the veterans committee.

The "only fair" way would be to guarantee the benefits to these men until end of their first enlistment period.

Howard Green (PC-Vancouver South) urged the government to do away with the gratuity when the amount a student veteran may earn without having his government al-

lowed cut off.

The following were elected for the ensuing year: Mr. G. R. Price, chairman; Mr. R. E. T. McLean, vice-chairman; Mr. G. A. McLean, treasurer; A. Aspin; executive committee, E. A. Hunter, B. Newcombe, Koen, H. Sleath, J. Lalage, Dr. Haines and Rev. Honigton.

The following were elected for the ensuing year: Mr. G. R. Price, chairman; Mr. R. E. T. McLean, vice-chairman; Mr. G. A. McLean, treasurer; A. Aspin; executive committee, E. A. Hunter, B. Newcombe, Koen, H. Sleath, J. Lalage, Dr. Haines and Rev. Honigton.

New Aircraft Start in June

MONTRAL, April 20.—(CP)—G. R. McMurtry, president of Trans-Canada Air Lines, announced Monday that the company's last experimental program for 1948 will be much simpler than when the new North Star aircraft are placed in service on trans-continental flights.

The new planes will make the westbound Montreal-Vancouver flight 14 hours, including stops, and the eastbound flight in 13 hours.

The new service originally was scheduled to start July 1 but a stepped-up delivery service by the Canadian plants at Montreal has enabled an earlier start.

Board Recommends Carpenters Wage Boost Of 15 Cents

CALGARY, April 20.—(CP)—An arbitration board Monday recommended a wage increase of 15 cents an hour for carpenters affiliated with the International Union of Carpenters and Joiners (AFL) and employed by members of the Canadian Building Trades Federation. Last week a different board recommended a similar increase for members of the Amalgamated Building and Construction Workers (CCL).

The increased wage for carpenters would be \$1.40 an hour and also authorized payment of board and room for out of town work under a new labour legislation the board's findings are to be binding on either party to the dispute.

Ex-LOBA Officer Dead in Calgary

CALGARY, April 20.—(CP)—Mrs. William (Sarah Jane) Donaldson, 74, of Calaway Road in Hospital Hill, died Saturday morning.

She was past provincial grand matron of the Ladies' Grand Benevolent Association of Alberta and had resided here since 1913. Survivors include her widow, a son and a brother William Weir of Cleveland, B.C.

Hinton Wedding

HINTON, April 20.—Miss Edna Casperle, supervisor of junior room at the school here, and Leslie Kopp were married recently.

DYNAMITE CREWS BUSY AT MUNDARE

MUNDARE, April 20.—For the first time in many years Mundare has flooded areas as waters rise. Snow has melted in Mundare and water floods the ditches streets and roads so as trucks and cars have to ride through water and mud up to ten inches. They had both fire engines out to pump water from the ditches and a crew of men and tractors worked hard for 48 hours.

The main cause of the floods was that the main culvert that releases water to the outskirts had frozen. A dynamiting crew of four men led by Mike Talbot, a local, had blown a hole in the ice and water started to flow and lower the flooded areas.

The outskirts of Mundare is really floating in water. The eight elevators and annexes in town are marooned.

Daysland Couple Married Recently

DAYSAND, April 20.—Glenne Caroline, youngest daughter of Mr. and Mrs. Edwin Lander of Daysand, and John Irene (Irene) son of Mr. and Mrs. G. L. Pitts of Daysand, were married recently by Msgr. Lyons of Daysand.

Mr. A. Twitchell of Daysand was best man and Rod Burge of Daysand was a witness. The bride was wearing a white dress and the groom a grey suit.

The ring which is owned by the town, was built about 1911 and construction of a new arena has been under consideration for some time. An official announcement in that connection is expected after the next meeting of the council, which already has discussed the new situation which has arisen.

Mr. and Mrs. Pitts were in collaboration with Mr. and Mrs. Lyons in Memory Recognition Centre committee.

Third marriage agent—Vast hay meadows surrounding Lesser Slave Lake have been a scene of activity the past few weeks as ranchers and farmers have baled hay and straw for the stacking and for the teams of horses.

Three or four hay bales are being hauled the miles through ten miles of deep snow to Edith, where the teams are waiting.

It is estimated that 20 cars have sent to date, Clark Woods, August 1, and John Jones, Paul Jones and Mrs. Barnes being among those contributing.

Hudson's Bay Company.

Mrs. McDermott, assisted by Mrs. C. Campbell and Mrs. T. S. Jeans, will converse the affair.

Court party sponsored by the St. Paul's Anglican Church Wednesday evening service group, will be held in Edmonton, 345 street and Stony Plain Road, April 21, 8:30 p.m.

Mrs. McDermott, assisted by Mrs. C. Campbell and Mrs. T. S. Jeans, will converse the affair.

Complimenting Dorothy Ewing, bride-elect of May 1, Mrs. Shirley Taylor, Normal Order Sister, entertained men and girls of the Wing Commander Blatchford DFC Chapter IODE, at a miscellaneous shower given by the home of Mrs. J. Fowler recently.

Gifts were presented to the bride-elect in a "pot of gold" to complete the rainbow motif of the shower.

Mrs. S. C. Ewing and Mrs. K. Lynn, members of the Normal Order Sisters, Dorothy Ewing and Mary Boeck were prime winners.

Annual birthday tea was held by members of the Mary Ward Ursuline group of MacDonald-Baptist Church recently.

Miss Mary Ewing is here on furlough, spent of mission work in Bolivia and displayed objects of her work.

Mr. John Falconer led the devotional.

Mr. G. S. Wilcox received more than the seventy members of Baptist mission circles and young people's groups.

E. Anderson wished to announce the engagement of his sister, Ruth Anderson, to Mr. W. L. Lamb.

Overall. The marriage will take place at a bundle United Church, May 1, at 8:30 p.m.

Mr. and Mrs. Ewing were presented with a gift on behalf of members of the Northern Lights Lodge No. 339, ladies' auxiliary to the Northern Lights Lodge.

Mr. C. T. Woodcock, president, presented the gift at a recent celebration of the 33rd anniversary of the lodge.

LOTS OF INVITATIONS since Bill had a PALMOLIVE SHAVE!

No one asked us anymore! "I am a coward," said Juan to his bride, "but I'm not afraid to go around sloppy, half-shaved the way Bill does." "I'm not afraid to shave like Bill," said Juan proudly too, that Bob used Palmolive Shave Cream, you bet I got Bill some!" At last he looks good again, and Juan is happy again. And so are we! — thanks to Palmolive!

To be successful, look successful
Hercules Palmolive is the best, good, strong shave cream.
Shavers! Palmolive is the best, good, strong shave cream.
Olive—soother your skin as you shave faster, closer,
and smoother. Sing! Get Palmolive—the shave
cream of success!

More SUCCESSFUL MEN USE PALMOLIVE
THAN ANY OTHER SHAVE CREAM

Britons Sacrifice To Earn Canada Dollars

Bigger Textile Output Needed To Reach 1948 Export Targets

LONDON, April 20.—(CP)—Britain's threebare millioners have been warned they may have to sacrifice their new export earnings in order to earn Canada dollars.

Chairman Sir Stafford Cripps and Harold Wilson, board of trade president, tell the country that increased shabbiness is better than further food reductions.

Wilson told the Chamber of Commerce: "We have to choose between dollar earnings and maintaining the clothing ration. "We would have to reduce the clothing ration."

Cripps backed him up with the budget statement.

The economic situation of 1948 will be dominated by our difficulty in paying for the imports we must have if we will neither live nor produce."

He believed the saving of the urgency of arriving at a balance of overseas payments, particularly with the dollar.

Even in Canada from cotton, wool and similar exports are used to pay for food. Britain depends on Canada for 10 per cent of its wheat, most of her bacon and large quantities of eggs, cheese and butter.

Wilson also advised the government to increase its efforts to protect British Columbia's forest wealth.

They will be known as "Girl Forest Guards" and are expected to help in the production of paper, conservation and timber preservation as their adult counterparts, the Forest Rangers.

Another authority has recommended that Britain increase its cotton goods exports to Canada by 12 per cent this year.

For months now the British government has allowed 12 per cent of its cotton exports to Canada.

After the authorities have increased its cotton exports to Canada by 12 per cent this year, the British government has also trained 14,000 junior forest wardens against an average of 200 in 1947.

For some months the association has been instructing a leader among each of the six groups in its work.

It will train the six groups in first aid, signalling, photography, marksmanship, swimming and life saving, first aid, map reading, navigation and athletic types from 14 to 18 years old. They will be sent to summer camps throughout the province.

In their autumn when they return to their school studies, they will take part in district poster contests on forest fire fighting.

The forest is in the latest in B.C.'s continuous and effective war to maintain the forests. It is hoped eventually that the day of the great fires thrown over the land will be a thing of the past.

Alberta Oils

(By Carlton & McMurtry Ltd.)

Industrial Oils

(By Carlton & McMurtry Ltd.)

Decline of Turner Valley was highlighted Monday with the announcement of the acquisition of Imperial Oil which has been instrumental in its development as a major producer here.

The companies are Lowry Petroleum Company, which was incorporated in 1929, and the Gas Company Limited, which was incorporated in 1931, and the Southwest Petroleum Company Limited, which was incorporated in 1931. Development of property held by the three companies has been completed and they have been operating as separate entities.

The existence of these and other subsidiaries of Imperial Oil is not known, but it is reported that Canada's major oil company did practically all of its part of the valley's development through smaller organizations.

The first Canadian field to be developed by Imperial Oil is the West. This was the only one until 25 years later when Leduc became a major crude production center.

NIGHT SNOWFALL MAKES RECORD

EDMONTON BULLETIN, Tuesday, April 20, 1948

An overnight fall of one inch today brought Edmonton up to 10 inches. Previous record was 1935, 17.4 inches.

The light snow was general in the city and in Leduc, Stony Plain, and some fell as far south as Penhold, 100 miles.

Temperatures will remain 15 to 20 degrees below the April norm. A minimum of 15 degrees of 35 was promised for today along with generally cloudy skies.

Aussie Mining Men in City

Two Australian mining men arrived in Edmonton today to visit conditions in Alberta in view of a study of soft coal conditions in Alberta.

They are Dr. A. B. Edwards, director of mineralogical section of the Bureau of Mines for Scientific and Industrial research, and R. C. Spragg, assistant government geologist in charge of the coal mines, for the province of Victoria.

Dr. Edwards and Mr. Spragg received a cordial welcome by the president of the Canadian Institute of Mining and Metallurgy at Vancouver. At present they are on a cross-Canada tour, visiting universities and research councils.

Dairy Plant Men Refresher Course

Workers in dairy plants and from other dairies in the district met for an annual refresher course in the city yesterday.

D. H. MacCallum, dairy engineer, said he expected a total attendance of 150. About 100 persons who will hear addresses from provincial and federal authorities on different phases of dairy plant operation.

Similar one-day courses have been held at Lethbridge, Calgary and Red Deer.

From here the classes will move to Cochrane.

The course continues Tuesday evening, following a dinner meeting.
